Am I the last one leaving tonight?

Walking so slowly across the lot.
2. Feeling exposed. No place to hide.
Conceal my fear with purposeful stride.
Holding my keys. Looking about.
3. Sit for a while, radio on.
Almost too tired to enjoy the song.
Hands on the wheel. Dreading the drive.
4. Catching a glimpse in the rear view.
Tired, lonely face, slightly askew.
I close my eyes just for a while.
4. Driving away into the night.
Previous day closing behind.
Headlights and eyes peering ahead.
5. This is my life happening now.
The quiet street. The nighttime glow.
Are you asleep? Soon I will know.
